<b>AGEING</b>	in temperature-controlled stainless steel on its fine lees for about 6 months, plus a further month in the bottle before release.
<b>ALCOHOL</b>	13,0 % vol.

## HOW TO SERVE AND PAIR IT

Remarkable as an aperitif precisely because of the pleasantness of each sip, it also nicely accompanies fish and meat starters, simple or elaborate fish or vegetarian first courses, fried dishes, white meat main courses, omelettes and blue cheeses.

### ON SIGHT

straw yellow colour with greenish reflections.

### AROMA

fresh, mineral, sapid with fruity notes of peach, apple, citrus and tropical fruits; floral notes of hawthorn and lime and slight hints of sage. Almond notes in the background.

### FLAVOUR

wine with a good structure, fresh, sapid, balanced with a nice creaminess on the palate, reminiscent of fruity hints already perceived on the nose, with an almond aftertaste typical of Verdicchio with a long and persistent finish. Pleasant cleanliness in the mouth that calls for a new sip.

### SERVING TEMPERATURE

Excellent at 10 °C
